

## BVX-200 Configurations

### BVX-201-Kit:

Exhaust arms are directly inserted into ports of filter unit. The arm can be fastened with a clip to the table for stability.

BVX-201-Kit Filter Unit with 2 flexible arms

### BVX-200 with flexible hoses and BVX arms:

Use flexible hoses for greater spacing between arms.

**BVX-201-KIT1** Filter Unit Pre / HEPA / Gas  
Inc. 2x BVX-ARM-K1 arm kits

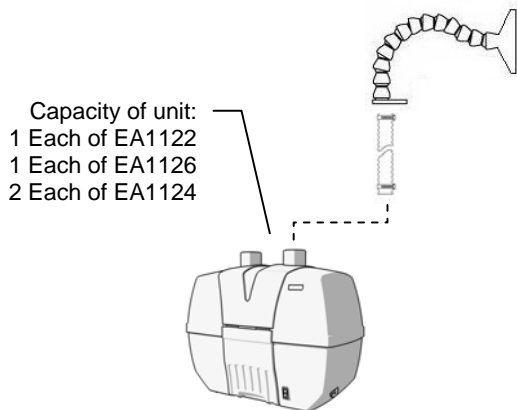

or

BVX-203 Filter Unit Pre / Gas  
BVX-ARM-K1 Arm kit with 1.8m (6') hose and table bracket

For longer hoses, do not order the arm kit, but individual components of kit.

### Individual BVX arm components:

BVX-ARM Flexible arm, ESD, 750mm (29.5") long  
BVX-ARML Flexible arm, ESD, 1500mm (59.1") long  
TB1101 Table bracket with 2 C-clamps  
BVX-CH01 Connection hose, 1.8m (6') long  
BVX-CH02 Connection hose, 3.6m (12') long

### BVX-200 with flexible hoses and Omiflex arm:

BVX-201 Filter Unit Pre / HEPA / Gas

or

BVX-203 Filter Unit Pre / Gas
